

## Certificate of employment

Mr. Daniel Jinnefält has been full time employee as Project Manager at Scanagri Sweden AB between 11 April and 2 September 2005.

Scanagri Sweden AB is the Swedish part of the Scanagri Group. Scanagri Group maintains individually registered companies in Denmark, Sweden, Finland and Poland. The Swedish company currently employs some 10 staff members and has a turnover of 50 MSEK. The company provides technical assistance and implementation support to the bilateral and multilateral development co-operation organisations, promoting sustainable social, environmental and economic development in the rural and agribusiness sector. Scanagri Sweden AB is currently operating in around 20 countries.

As Project Manager, Daniel has been providing support to Scanagri's ongoing projects in Eastern Europe. This has included shared responsibility for the management and implementation of a four week long International Training Program in Pesticide Management, as well as direct support to several important Sida and EU tenders. The work language has been English and Swedish. Daniel has in a responsible way implemented his tasks within Scanagri Sweden AB and he has been an asset for the company. Daniel has also been an appreciated co-worker in our office during his time of employment. I recommend Daniel for similar tasks in the future.
